Disaster Perspectives from the NERRS & Sea Grant
Session Overview

- Overview of preparation, response, and recovery from a particular hazard;

- Describe factors, conditions, or unforeseen events that influenced their work to prepare, respond and recover from the hazard;

- Identify some key lessons learned or insight gained;

- Describe how that knowledge informs future preparedness, response, and recovery efforts.
Thank You!

Make sure you participate in our quick exit survey on your way to the next session. Its on the Flip Chart!
