U.S. Fish & Wildlife Service  
Coastal Program

# A Diverse Network of Organizations

Together we are dedicated to sharing our knowledge and experience in coastal conservation.

The Habitat Network (HabNet) Coalition is a national alliance of conservation organizations dedicated to protecting and restoring coastal habitats across the country. **HabNet was established to:**

- **Create** resilient coastal communities
- **Provide** a forum to share expertise and resources
- **Support** collaborative habitat conservation along the coasts and coastal watersheds
- **Further** the mission of the U.S. Fish and Wildlife Service's Coastal Program

*HabNet is facilitated by Restore America's Estuaries.*

To learn more about HabNet, and how to join, visit:  
[estuaries.org/habnet](https://estuaries.org/habnet)

## How We Support Our Members

“Being a member of HabNet helps us stay connected to like-minded organizations across the country. It’s great to know we are a part of a larger coalition supported by the Coastal Program, all with the mutual goal of protecting and restoring our coasts.”

— ELLEN KAZARY, EXECUTIVE DIRECTOR | GREAT LAND TRUST

# We Support You

---

The Coastal Program is committed to ensuring sustainability through healthy coastal ecosystems, vibrant economies, and resilient communities. They work hand-in-hand with states, local governments, tribes, NGOs, and private landowners to ensure coastal communities and their irreplaceable natural environments continue to thrive for future generations.

## Habitat Conservation

2.1+ million acres and  
restored 550,000+ acres

## Key Partnerships

6,000+  
project partners

## Financial Assistance

\$35+ million in Coastal  
Program funds
