- Advance would cover the first two months of the project and then be reimbursement based
- If selected – written request required to request advance funds

Section 4: Project Overview

- Name of Project
- Description of Project (250-word limit)
- List Partner Organizations with description of roles

Full Proposal Application (continued)

Section 5: Project Description

- Problem (250-word limit)
- LISCIF Program Priority
- Impact (500-word limit)
- Alignment with the CCMP (250-word limit)
- Stakeholders (500-word limit)
- Workplan (500-word limit)
- Outreach Approach (250-word limit)
- Area of Work (250-word limit)
- Area of Direct Impact (250-word limit)
- Project Team (500-word limit)
- Real Estate Control and Permissions
- Quality Assurance Performance Plan

Full Proposal Application (continued)

Section 6: Budget

- Budget table is also required of all proposals.
- The application portal will have a section where you will input line items and costs for your budget.
- The total will be calculated automatically and must reflect your requested amount for funding.

Full Proposal Application (continued)

Section 7: Required Uploads

- Maps & Images
- Letter(s) of Commitment
- Project Impact Model
- Real Estate Control and Permissions
- Optional Attachment(s)

Project Impact Model: The Full Proposal application requires applicants to complete a brief project impact model to identify expected project results based on established LISCIF performance metrics as indicated in the CCMP Actions.

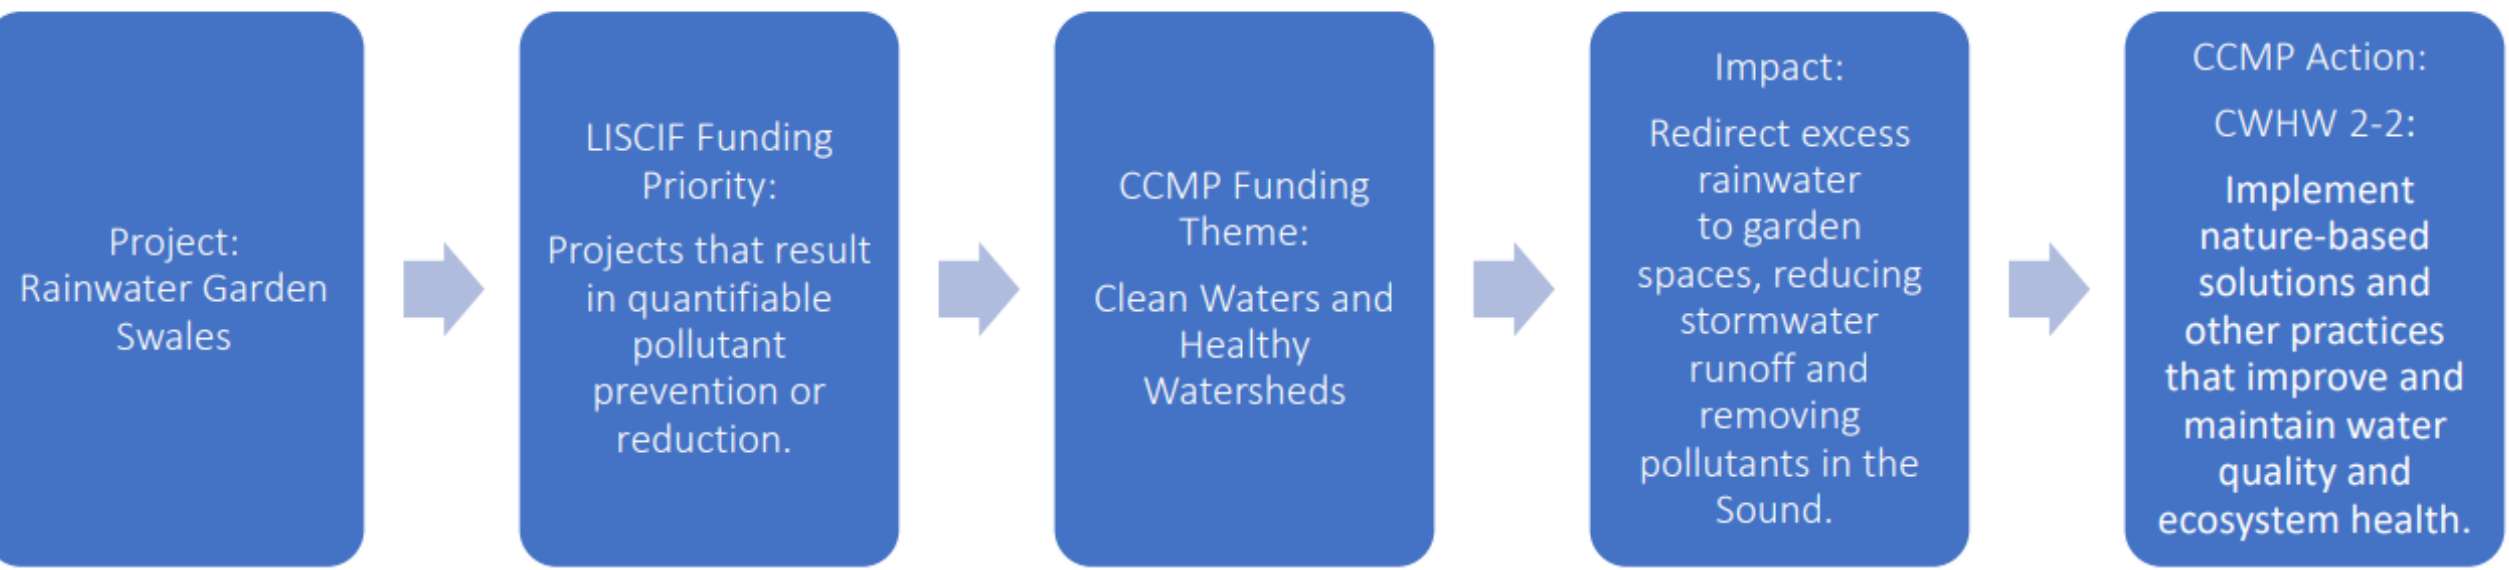

- This document will assist RAE, EPA, and the LISCIF Review Committee in understanding how your project aligns with the CCMP. Refer to the examples on pages 17-20 of the **LISCIF26 Project Case Studies, Examples of Impact Models & CCMP Actions** under the LISCIF Resources page: <https://estuaries.org/liscif/grant-resources/>
- Attach a simple Project Impact Model to show alignment with your proposal, highlighting: the project name, LISCIF26 program funding priority, CCMP funding theme, project impact, at least one correlated, relevant CCMP Action.
- See the following slides as examples.

Long Island Sound Community Impact Fund (LISCIF26)

Project Impact Model Examples

Example 1: Rainwater Garden Swales

Example 2: Shellfish Aquaculture and Restoration

Project:
Shellfish
Aquaculture and
Restoration

LISCIF Funding
Priority:
Projects that
foster a diverse
balance and
abundant
populations of fish,
birds, and wildlife.

CCMP Funding
Theme:
Thriving and
Abundant Wildlife

Impact:
Increase
populations of
oysters, clams, and
scallops with the
implementation of
a shellfish
management
plan which also
supports coastal
restoration efforts.

CCMP Action:
THAW 1-1:
Restore coastal
habitat by
supporting
projects that
implement
established
restoration
techniques or help
validate innovative
techniques and
include broad
collaboration and
communication.

Long Island Sound Community Impact Fund (LISCIF26)

Project Impact Model Examples

Example 3: Community Resilience Preparedness

Project:
Community
Resilience
Preparedness

LISCIF Funding
Priority:
Projects that
enhance
community
resilience and
sustainability.

CCMP Funding
Theme:
Sustainable and
Resilient
Communities

Impact:
Create community
decision-making
opportunities for
resilience
preparedness
through training
programs.

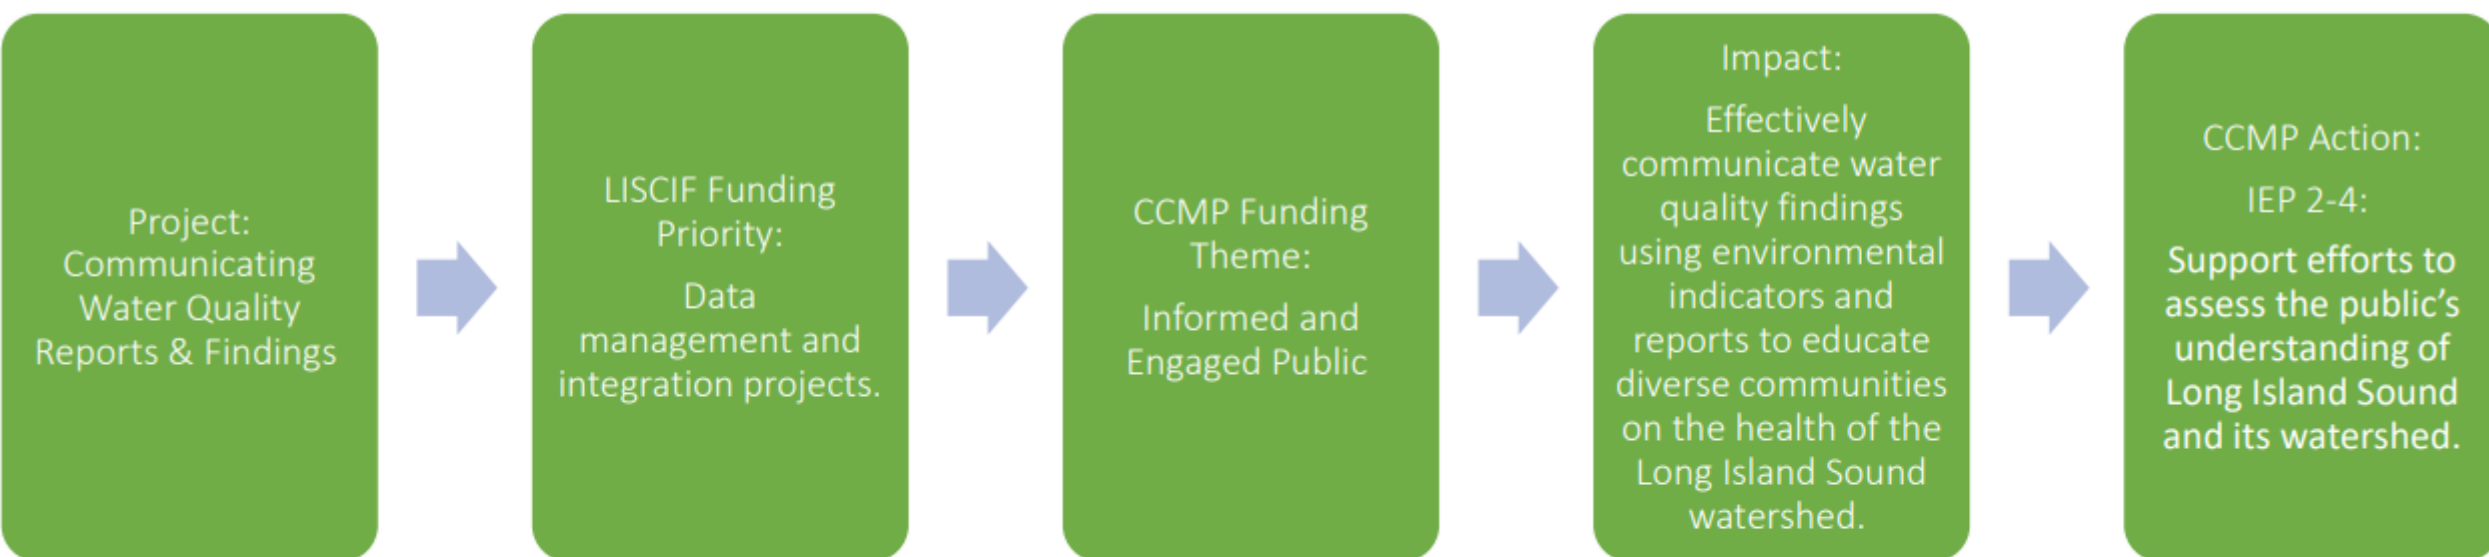

CCMP Action:
SRC 1-1:
Develop, deliver,
and facilitate
training programs
relevant and
responsive to
community needs
that assist with
sustainability and
resilience.
